AFTER SCHOOL CLUB

Join us for a free After School Club from the 14th of April, guided by animation studio YONK. You will learn how to design your very own face filter using 3D software Blender. You will also be transforming your mask into an Instagram face filter with software SparkAR. Your face filter will be exhibited in the STORE STORE store based both in London and Rotter-

3D FACE FILTER

dam. To participate in this workshop you will need access to a computer. This is an opportunity for 10 state school students (age 15-18).
